SUBJECT: Dissemination of Warning Intelligence (U)

(S) DIA welcomes the Department of State's suggestion to further disseminate the results of the monthly NIO Warning Working Group meetings to overseas missions. DIA agrees that such an initiative could be readily accomplished under the auspices of the NIO for Warning. As you know, the DDCI has already assigned the NIO/W the task of working out the administrative details with the assistance of the Warning Working Group. DIA looks forward to working with State and other members of the Group toward that objective.
